string s = "This is a Dotnet Core.";
need output as below
1 H
2 I
3 S
4 I
5 S
6 A
7 O
and so on....

```csharp
using System;

public class HelloWorld
{
    public static void Main(string[] args)
    {
        Console.WriteLine("Try programiz.pro");
        string s = "This is a Dotnet Core.";
        string[] strArr = s.Split(" ");
        int i = 1;
        foreach (string str in strArr)
        {
            foreach (char c in str)
            {
                if (c != char.ToUpper(c))
                {
                    Console.WriteLine($"{i} {char.ToUpper(c)}");
                    i++;
                }
            }
        }
    }
}
```
